INSURANCE

This is quite a feature of my business. I represent two strong and liberal companies, whose contracts are free from the usual numerous restrictions that some other companies have, which really have the effect of insuring the company instead of the insured. No trouble to explain the policies and quote rates. ACCIDENT TICKETS—These are adapted to persons who do not desire yearly insurance, but who wish protection on short trips, etc. I issue them without written application, taking effect immediately.

DISMISSAL OF BOWEN

President Orders That He Retire at
Once From Service.

LOOMIS NOT GUILTY.

In a Letter Directing Taft to Take
This Step Chief Executive Says
Former Minister's Action
Is Reprehensible.

Washington, June 21.—The dismissal of Herbert A. Bowen, for some years United States minister to Venezuela, and the exoneration of Assistant Secretary of State Francis B. Loomis of the allegation brought against him by Mr. Bowen, are the outcome of the Loomis-Bowen controversy which has attracted wide attention for many months past.

This disposition of the case is made by President Roosevelt in a letter addressed to Secretary Taft, made public Tuesday night, approving Mr. Taft's report of his findings and conclusions in the case. The president scathingly arraigns Minister Bowen, declaring that his conduct is "especially reprehensible," that Mr. Bowen asked of one of his witnesses to enter the employ of a certain company for the purpose "in plain words of stealing" documents which he hoped might incriminate Mr. Loomis and that Mr. Bowen has "evidently for many months, indeed, for the last two years, devoted himself to hunting up scandal and gossip until it became a mania" and caused him to "show complete disloyalty" to the country he represented. The president says he had hoped to promote Mr. Bowen as during much of his service he had done good work, but that his usefulness in the diplomatic service is now at an end. The president adds that he would direct that Mr. Bowen's resignation be requested, but for his statement that he would consider a resignation as an admission of misconduct and the dismissal is therefore ordered. The president states that it appears that Mr. Bowen, while minister, secured the publication of attacks on Mr. Loomis and furnished to the press documents pending before the state department for approval, and that his explanation is inexcusable and shows his entire unfitness for the service. Even if Mr. Loomis had been guilty, says the president, Mr. Bowen's conduct would be unpardonable. The letter quotes certain correspondence and testimony.

The report of Secretary Taft in the case, on which the president's action is based, is a voluminous document, revealing the charges and evidence taken.

In his report Secretary Taft says that there was nothing dishonorable in the transactions in which Mr. Loomis figured, but that he was not discreet. The report says that Mr. Loomis was not justified in becoming personally interested in any of the schemes, either with a mere nominal interest or a substantial interest. He holds, however, that Mr. Loomis has been "most cruelly slandered," commends him for the self-restraint with which he has met the charges and points out that Mr. Loomis' bitter experience in this case makes it unnecessary to point out the moral that a minister cannot afford in the country to which he is accredited, to make personal investments.

SENSATIONAL CASE.

Forgeries Cause Banks and Trust Companies to Lose Great Deal.

Philadelphia, June 21.—One of the most sensational cases of forgery that has ever been brought to light in financial circles of this city was disclosed when it was announced that certificates calling for small numbers of shares of stock had been fraudulently raised to hundreds of shares, causing a loss to six banks and trust companies of this city from \$750,000 to \$1,000,000. The forgery involves the name of Benjamin H. Gaskill, who died four weeks ago.

Gaskill was the sole member of the banking and brokerage concern known as Benjamin H. Gaskill & Co. He had offices in the financial district, and his credit was considered gilded. Gaskill kept two accounts, one recording the transactions of his customers, which was correct, and another giving his own transactions. His books showed that he was losing \$15,000 to \$25,000 a year in his business. His method of operation was to obtain certificates of gilded securities, calling for one, two, three or some other small number of shares, raise the figures and give them as securities for large loans.

Bishop Galloway Chosen.

Nashville, June 21.—Bishop Galloway was selected president of the board of trustees of Vanderbilt university.

Postmaster at San Antonio and Prominent Texan Passes Away.

San Antonio, June 21.—Dr. Joe Guy Clifford, postmaster at San Antonio, died Tuesday night at his home in this city. Dr. Clifford was well known in professional, social, business and political circles. His condition for a week has been critical. Death was caused by acute uremia, superinduced by chronic Bright's disease. Dr. Clifford was appointed postmaster by President McKinley on May 5, 1898. He was thirty-nine years of age.

EVIDENTLY NEW STEP

American Ambassador and Russian Foreign Minister

HOLD HASTY CONFAB

It is the Impression in Diplomatic Circles That Mr. Meyer Carried Important Message From President Roosevelt.

St. Petersburg, June 21.—President Roosevelt has evidently taken a new and important step in the negotiations between the belligerents. While there are collateral reasons for believing it relates to an armistice, which will prevent the impending battle in Manchuria, this cannot be positively affirmed. All that can be stated definitely is that Ambassador Meyer went suddenly to the foreign office late Tuesday night and had an interview with Foreign Minister Lamsdorff, at which, it is believed, the ambassador communicated an important message from President Roosevelt. At neither the foreign office nor American embassy is the slightest light thrown on what transpired. From the extreme secrecy observed the matter is beyond doubt one of the greatest delicacy, but the statement is vouchsafed at the foreign office that negotiations are proceeding without a hitch, and the inference follows that it relates to a new phase, in which the president has taken the initiative. This is more certain since the communications between the belligerents relating strictly to questions of selection of place, time and number of plenipotentiaries are conducted naturally through Ambassador Cassini and Minister Takahira through the intermediary of the Washington government, whereas according to diplomatic procedure only communications from the Washington government reach Minister Lamsdorff through Ambassador Meyer.

ADVANCE CONTINUES.

Japanese Are Constantly Adding More Victories in Manchuria.

London, June 21.—The correspondent of the Daily Telegraph at Tokio sends the following: "The Japanese are continuing their victorious advance in Manchuria. The Russians have been completely flanked on both wings and news of Japanese victories may be expected shortly. The Japanese have considerably over 500,000 men in the field. Preliminary operations began as far back as May 20."

"Two significant announcements have been made: The first is the Japanese consul general informed Viceroy Liang Kiang that Admiral Uriu's squadron intends to cruise in the Yangtze river, and the second is the British squadron at Hongkong will proceed to We Hai We and begin gun practice off Shanghai province at once."

DIPLOMATIC MEASURES.

These Continue Despite the Pressure of the Militant Factions.

St. Petersburg, June 21.—Diplomatic measures for the peace conference are continuing in the face of the steady pressure brought to bear by the militant factions. General Linevitch has again wired the emperor saying that victory is almost at hand, and begging that he and his army be not deprived of the opportunity to restore the prestige of Russian arms. Minister of War Sakharoff held an audience with the emperor, and it is said that he presented to his majesty measures for another mobilization, and urged the advisability of their adoption. General Linevitch's telegram seems to confirm these indications that negotiations for an armistice are not proceeding between the Russian and Japanese commanders.

FOR ARMISTICE.

It Was Reported Officially Wednesday Negotiations Were Proceeding.

Washington, June 22.—It was intimated in official circles Wednesday that negotiations were proceeding looking toward an armistice between Japan and Russia.

TO PERPETUATE NAME.

Sons of the Grand Army of the Republic to Be Organized.

Denver, June 21.—For the purpose of perpetuating the name of the Grand Army of the Republic a society to be called Sons of the Grand Army of the Republic will be formed at this city. One hundred names have been placed on the charter roll. The society will be extended to all cities and towns in the country as rapidly as possible. Requirement for membership is that a man must be a direct descendant of one who fought in Civil war. Leo W. Kennedy of Denver has been chosen president and William C. Ferrill, state curator, secretary.

Taken Back.

Beaumont, June 21.—Sheriff G. W. Harrison of Oklahoma City came to Beaumont to take back Henry W. Cheatman, who was arrested upon a warrant charging embezzlement while in the employ of an Oklahoma house. He was employed by a Galveston house at the time of his arrest.

THURSDAY, JUNE 22.

TO THE BUSINESS MEN OF BRYAN.

I hereby go on record that it is my firm belief that Bryan has before her right now one of the greatest opportunities for making a big step in her progress that she has ever had since she secured the A. & M. college. I refer to the excellent chance afforded us to locate The Texas Woman's Baptist College here. A few facts concerning the move may be of interest.

There is no Baptist college for young ladies within 100 miles of Bryan in any direction. For many years there has been an insistent demand for one in this section. So when Dr. Butler recognized this demand and went to La Porte last week and told the great hosts of Baptist thousands assembled there that the move was inaugurated, to a man they hailed the announcement with approval. This settled the fact that the school would be opened, but it did not settle where. When Dr. Butler asked at La Porte for co-operation he could not dictate where the school should be located. A great educational rally will be held in Bryan next week and the most prominent Baptist ministers and educators of Texas have promised to come.

This rally will decide where the school is to be. When such men as Truett and Gambrell and Carroll and Hamlett and our own Butler get behind a move, the results are generally big. These men and the great, strong Baptist denomination are behind this school. Some plans, tentative of course, are already formed. Two buildings will be erected at once; a main college hall to cost \$25,000 and a girls' dormitory to cost \$12,000. Not less than \$50,000 will be spent on buildings and permanent equipment the first year. The

committee having in charge the selection of a president report that assurance is had of getting a man whose name is known by everyone and who by his great strength and influence would give the college prestige and rank among the very best educational institutions in the south. This committee is corresponding with the great music conservatories that an eminent music director may be secured.

These plans indicate that the college is to be projected along high standards. The best investments Bryan has ever made have been for schools. Is it believed that more than 100 girls will be enrolled the first year, and that inside of five years the attendance will reach 300. Stop long enough to figure what this many girls would spend in Bryan.

The Business League has appealed to Bryan to lay hands upon this opportunity. Committeemen Saunders, Doremus, Brandon, Myers and Haswell will canvass the town to see what kind of a bonus can be offered next Tuesday to the rally. The time is short and prompt action is necessary. It is believed that if Bryan pledges \$10,000 bonus, the rally will locate it here. When Baylor Female College moved from Independence, Belton offered and gave \$50,000 for its location, and Belton then was about half Bryan's present size. Today Baylor has over 400 girls and is Belton's biggest commercial asset. Every merchant, every professional man, every mechanic will profit by it if we can secure this school. It is just a plain business proposition. Can Bryan afford to fail? Just a word of warning. Let no one think that enough will be raised to secure the school without their assistance. If Bryan wants it everyone will have to do their own part. I repeat, the chance Bryan has to secure this school is the biggest and best opportunity she has had since we secured the A. & M. College.

MRS. WILLIAM CUNNINGHAM.

Mrs. William Cunningham died in Houston Sunday and her remains were brought here yesterday afternoon, accompanied by her husband and daughter, and laid to rest at the city cemetery. Mr. Cunningham was in Natchez, Miss., when her death occurred. He and family moved away from Bryan a number of years ago, but many friends remember "Billy" and deeply sympathize with him and his daughter, who is now grown, and other relatives.

COLD NIGHTS CAUSE CATARRH.

Everyone Should Use Hyomei and Kill the Germs.

No other season of the year is responsible for as many cases of catarrh as the spring. The warm days and cold nights, with their frequent and sudden changes in temperature, bring the catarrhal "snuffles" to nearly everyone.

The best physicians long ago saw the folly of taking medicine into the stomach to kill catarrhal germs in the head and throat. Air alone can reach these germs, and today the most successful physicians prescribe Hyomei for all catarrhal troubles.

The germ-killing and health-giving Hyomei, when breathed through the pocket inhaler that comes with every outfit, penetrates to the most remote cells of the air passages and respiratory organs. It searches out and kills catarrhal germs in the head, throat and lungs, soothes and heals the irritated mucous membrane, and absolutely drives catarrh from the system.

Thousands of testimonials like this of Capt. Cameron, in charge of the Salvation Army at Berkeley, Cal., attest to the speedy relief given by Hyomei. Capt. Cameron writes: "I have been a sufferer from catarrh of the throat for a number of years, so bad that I could not speak so as to be heard at any distance. The first use of Hyomei relieved me, and I believe that it has given back to me the good voice I had in years gone by."

The complete Hyomei outfit costs but one dollar, and includes an inhaler and sufficient Hyomei for several weeks' treatment. You take no risk in buying Hyomei. E. J. Jenkins absolutely agrees to refund the money if it does not give satisfaction.

GREETED WITH CHEERS.

Vast Throngs Welcomed President on His Arrival at Worcester.
Worcester, Mass., June 21.—When President Roosevelt appeared upon the platform of his car the vast throngs burst into cheers. A passage to the street was quickly made. The chief executive bowed constantly to the acclaim of the crowds waiting outside the station. Four companies and the local post of the Grand Army of the Republic and Spanish War Veterans acted as an escort. Despite the rain the president rode in an open carriage and the cheering multitudes gave him no opportunity to remain seated. From the moment he entered his carriage the tumult was incessant, and as the parade moved he remained with head bare bowing to the people. All the way to Clark college, a distance of two miles, the demonstration continued.

Waved Hand and Smiled.

New London, Conn., June 21.—President Roosevelt, when his special train rolled into the New London station at 7:05 Wednesday morning, was not prepared to appear before the crowd of upward of 1500 persons, and had to be aroused by the heartiest cheering. He made a hurried toilet, and just as the train was pulling out appeared at the rear door of the sleeping car and waved his hand, and smiled upon the throng, which kept cheering lustily, running toward the retreating car.

MANIAC SUICIDES.

Holds One Thousand Persons at Bay and Shoots Nine of Them.

San Francisco, June 21.—After holding 1000 persons at bay two hours on Eddy street early Wednesday, shooting nine people and defying the police, Thomas Lobb, a maniac, killed himself. The dead: Thomas Lobb. The wounded: W. S. Koffman, shot three times; C. T. Chevalis, shot in an eye; W. Jones, wounded in cheek; Emil Roberts, a boy, shot in leg; Quong Do, a Chinaman, rifle bullet in hand; George Delangton, nine wounds; Vicente Romanarte, shot in cheek and ear; Joseph Larbee, two shots in chin. Policeman Patrick Kassan was shot in a cheek while firing from an adjoining room. Seven shots passed through his helmet. The insane man was barricaded in a room on the fourth floor of the United States hotel.

CONDITION OF COTTON.

Good Growth Reported Though Plant Continues Small.

Washington, June 21.—The following is the general summary of cotton crop conditions as shown by the weekly bulletin of the weather bureau. Further improvement in the condition of cotton is very generally indicated throughout the cotton belt. The crop is now in a good state of cultivation, although some fields continue foul in portions of the central and western districts and in Florida. While as a rule, good growth is reported the plant continues small. Lice are still prevalent in North Carolina, but are less numerous in South Carolina, Georgia and Alabama. Considerable damage by web worms is reported from Oklahoma and Indian Territory, where some fields are being devoted to other crops. Boll weevils are spreading in northeastern Texas, but generally the damage is not great.

IN BACK OF HEAD.

Edward W. Crane in Dying Condition and Young Wife Held.

New York, June 21.—Edward W. Crane is dying at a Brooklyn hospital from a bullet wound in the back of his head. His young wife was taken in charge by the police. Crane is sixty-seven years old. He refused to make any statement when told that his end was near. Mrs. Crane was taken to a station, where the police say she declared that her husband came home late, started a quarrel and threatened to kill her. In the scuffle over the revolver which he held, she said, he was shot. How the bullet happened to strike Crane in the back of his head the young woman refused to tell.

BROWN ELECTED.

Republican Nominee Chosen Sheriff of Oahu County, Hawaii.

Honolulu, June 21.—A. M. Brown, Republican nominee, has been selected sheriff of Oahu county, in which this city is included, by a vote of 2206 to 15 received by the Home Rule candidate, A. Poepee. Governor Carter made an active fight against Brown in favor of Henry, the present incumbent. Republicans elected all their ticket except two supervisors and possibly the treasurer.

Resignations Accepted.

New York, June 21.—Paul Morton, chairman of the Equitable directors, has announced that he has accepted the resignation of James W. Alexander as president and James Hazen Hyde as first vice president. He said he has not acted on the other resignations yet.

Broke Right Wrist, Bit Tongue.

Salt Lake City, June 21.—Billy Stiff of Chicago, who was defeated by George Gardner at Ogden Monday night, has a broken right wrist, having sustained the injury in the fourth round when he swung a glancing blow across Gardner's head and neck. Stiff also bit off the end of his tongue, and is in great pain.

Has No Jurisdiction.

Topeka, Kan., June 21.—The board of railroad commissioners has decided that it has no jurisdiction over the Pullman Car company so far as rates are concerned. It decided the Pullman Car company was not a common carrier and the board had no power to regulate various overcharges, such as it alleged to have made in Kansas.

Spanish Cabinet Resigns.

Madrid, June 21.—The entire cabinet has resigned, and its resignation has been accepted by King Alfonso.

GUILTY OF CONTEMPT.

Jury Acquits Moore on Issue of Dishonorable Conduct.

Austin, June 21.—After being out over forty-eight hours the jury in the case of Warren W. Moore, district attorney, charged with contempt, brought in a verdict of guilty of contempt of court and not guilty on the issue of dishonorable conduct. The court accordingly fined Moore \$100 and sentenced him to three days' confinement in the county jail. Moore accepted the verdict and at once began serving his sentence and paid the fine. This contempt was in connection with the Kirby case, when Moore is alleged to have furnished a list of men to a deputy sheriff to summon as acceptable men for jurors in the trial of the case.

State board of legal examiners for the Third supreme judicial district will meet in the court of appeals courtroom on next Monday to pass upon applicants who desire to stand examination to practice law.

WANTS HER POISONED.

Two Thousand Dollars Offered if Stuff Is Given Mrs. Rogers.

Windsor, Vt., June 21.—A letter containing poison and making an offer of \$2000 if the substance be given Mrs. Mary Rogers, who is to be hanged here Friday for the murder of her husband, has been received by Superintendent Lovell of the state prison. The letter was turned over to the Federal authorities. The letter, which bore no signature, was mailed at Boston Tuesday according to the postmark on the envelope. It says the writer wished to "have the state of Vermont and all women saved from this impending disgrace." It requested Mr. Lovell to arrange for Mrs. Rogers to take the powder which is enclosed, promising that "if the gallows is cheated on Friday" to mail him two \$1000 bills. The writer says that if further details are desired to insert a personal in a certain Boston paper "To Justice."

KILLED BY POSSE.

Party Shot to Death Had Taken the Life of Mule Driver Overseer.

Macon, Mo., June 21.—In the vicinity of Keota a posse of miners shot and killed Jack Plummer, a miner, who had a short time previously taken the life of William Dale, a mine mule driver overseer. Plummer had been discharged by Dale because of cruelty to the animals he drove. Plummer deliberately walked up to Dale and shot him dead and then fled. He was discovered by a posse of miners, who called upon him to surrender. He replied with a volley from a revolver and was then riddled with bullets.

A feature of the family dinner was that they cooked two barrels of roasting ears. A cob was given each one present as a souvenir of the occasion.

Smallest Tribal Tax.

Muskogee, I. T., June 21.—The smallest amount of tribal tax paid to the Indian Agent was 11 cents, which was the amount William Thomas, proprietor of the Badger grocery store at Sixth street and the Frisco railroad, made oath he owed. Mr. Thomas has been in business here since February, but has purchased practically all of his goods from local jobbers, thus escaping the tax.

VILLA MARIA COMMENCEMENT.

Carrying out the above select and elaborate program, the fourth annual commencement exercises of Villa Maria Academy were held last night, beginning at 7:30 o'clock. An appreciative audience filled the hall, where a stage was provided and handsome decorations were in evidence.

Pianos, violins and cornet were the instruments used; the program was largely musical and was superbly rendered, variety being given by humorous as well as classical numbers, and by the salutatory, essays, recitation and the beautiful little cantata.

The Ursulines are trained teachers of many year's experience and their work in all lines is thorough and according to the most approved methods. These entertainments are unexcelled and each year grow more popular.

Miss Katie Wray Ward was the salutatorian and chose for her subject the following: "Today is the Time to Gird Your Armor On; Tomorrow Never Comes, You Know; and Gone Forever are the Yesterdays of Life."

Pleasant essays were read by Misses Ailie Conway and Hilda Japhet, class '06. Subjects were: Miss Conway—"Gentle in Manner; Resolute in Deed;" Miss Japhet—"Our Deeds Still Travel with Us from Afar; and What We Have Been Makes Us What We Are."

"The Eagle's Nest," a recitation by Miss Bessie Gibson, was most pleasing.

The cantata, introducing strange visitors to Miss Columbia, was brilliant and beautiful. The young ladies appeared in the costumes of the various countries represented, introducing into the action of the piece vocal and instrumental music, calisthenics and tableaux.

The awards of honors, medals and prizes were of special interest to pupils, instructors and spectators.

Sheriff Todd of Milam County Gives Himself Up to Constable.

Cameron, Tex., June 21.—Giles C. Averitt, a former sheriff of Milam county, was shot down near the south door of the court house and instantly killed. One ball from a 45-caliber revolver had taken effect about two inches to the right and a fourth of an inch above the right nipple and passed out of the body about four inches from the backbone on the left side, about two inches lower than where it entered, probably passing through the heart. The upper lip was cut from a fall on the stone steps or door facing.

Sheriff Todd surrendered to Constable Boles, and was taken to jail. Averitt was in his shirt sleeves, and no pistol was found on his body.

These men had been reared the closest friends, and had until about three years ago been almost as close as brothers, but in 1902 Todd and Averitt were candidates for the nomination of sheriff. Todd had served in that capacity six years. The campaign of that year caused bad feeling between them.

Avriett got the nomination by a small majority and served two years. In 1904 they were again candidates for the same office and Todd defeated Avriett by a small vote. These two campaigns had widened the breach, and it was generally known and said that bad blood existed between the two men.

Mr. Avriett leaves a wife and five children—four girls and one boy. His son has been in the law department of the state university two years. Mr. Avriett had served as officer in the county for many years, as constable at Maysfield before moving to Cameron, and was in business here about ten years ago.
